

EARL STEVENS

SPARKLING

Cali-Mocho is inspired by the wildly popular "Kalimotxo" Cocktail from the Basque Region of France. It is a blend of red wine and cola, with frizzante! Unique, delicious and refreshing, and the first of it's kind in commercial production.

CALI-MOCHO

The Cali Mocho is produced with non-vintage dry red wine and blended with Sasparilla, caramel, black cherry and candied plum to round out our Northern California version of a Spanish classic.
